

# VW T6.1 Transporter

## Great multi purpose Campervan

Frontline has been manufacturing quality campervans since 1987. Our company's reputation is built on constantly producing fine products with highly trained staff, quality fittings and excellent after sales service. We have applied our experience and skills in manufacturing and design to offer very reliable and affordable Campervans.

All new Frontline Campervans have second stage compliance plate approval. This is a mandatory national code for modifying new vehicles and is applied for your safety.

Buy a Frontline today and enjoy life to its full

The T6 van was released at the end of 2015, which has seen improvements to Safety, efficiency and comfort. Driver alert system for fatigue detection, multi collision braking system, Rear park sensors and side air bags are part of standard inclusions keeping you even safer. Bluemotion has been added which turns the engine off in busy traffic saving you fuel. Added comforts included standard are, Leather multi-function steering wheel and Drivers seat height & lumbar adjustment. The stereo has been upgraded to include AUX/USB/CD input and audio streaming for your favourite music.

The already smooth and quiet cabin area has been improved once again to take the driving experience to new levels. The dash layout has changed offering more storage and has improved ergonomics and function. The vehicle is offered in two wheel drive and 4 motion all wheel drive. The Diesel engine is offered in a single turbo 103kW or twin turbo 132kW power. Transmission choice is 6 speed Manual or 7 speed DSG Automatic.

One of the great features of the T6 is the swivel seat and walk through cabin. Once this seat is swiveled the cabin area is transformed into a clever use of additional space.

We believe our level elevating roof systems better suits the Australian climate providing more ventilation than the European tilt roof system. Plywood cupboards are processed on our computer cutting and drilling machine to ensure perfect accuracy and efficiency every time. Other standard features include 12 volt lighting, 240 volt power points, auxiliary battery with auto charging, Water tank, Sink with electric pump, fridge freezer, plywood cupboards, table and the choice of the stove swinging out or in a drawer.

The Frontline T6 makes a great multi purpose Campervan providing great handling, ride, Safety and comfort for everyday use or touring this great country. The product is tried and tested and will provide a great mechanism to enjoy many great life experiences Australia wide.

Buy a Frontline today and enjoy life to it's full.

All frontline products are carefully manufactured at our Brookvale factory and come with full volume compliance plate approval for your safety.
