*Welcome to the smartest way
to say 'see you later'*

VW T6.1 TRANSPORTER

The best of both worlds - at home in the city and on tour.

The new and improved VW T6.1 Campervan was released by Frontline early 2021. The new release campervan excitedly offers an agenda of many updated improvements to safety, efficiency, and comfort. The latest vehicle release also demonstrates many sanctioned dynamic changes to the driver alert system now with fatigue detection, multi collision braking systems, reverse camera, rear park sensors and side airbags. These advanced improvements which now form part of the standard inclusions for the vehicle ensure that you are kept even safer on the road. Along with continued refinements by Frontline we aim to make your camping experience more flexible, enjoyable and simpler.

The vehicle features a list of standard comforts with leather multi-function steering wheel with height and reach adjustment, stereo system with Radio/USB/SD Apple Car Play, Android Auto input and audio streaming for all your favourite music.

Revealing one of the great features of the T6.1 - the swivel seat with walk-through cabin. After swivelling your seat around, you will discover the cabin area transforms into clever additional Campervan space, that adds to the open feel of your camper. Featuring Frontline's full elevation pop-top roof system which

perfectly suits the hot Australian climate, providing greater air volume and ventilation than the former European tilt roof system. With a notable list of other added standard inclusions, the T6.1 also features 12-volt lighting, 240-volt power points, auxiliary battery with auto charging system, water tank, sink with electric water pump, fridge freezer, table and a choice of different stove options.

The vehicle is offered in two-wheel drive as well as the 4 motion all-wheel drive system proving popular for many who have plans for an adventure and getting off the beaten track. The Diesel engine is offered in both single turbo 340NM or twin turbo 450NM power outputs with a transmission choice of 6 speed Manual or 7 speed DSG Automatic. With BlueMotion auto stop/start options being added, effectively allowing you to save fuel by turning the engine off while the vehicle is stopped in traffic or whilst not in motion.

The Frontline T6.1 demonstrates an imaginative multi-purpose Campervan granting considerable everyday use or an option of touring this great country. The product is tried and tested and will provide a great mechanism to enjoy many great life experiences Australia wide.

FRONTLINE HAS MANUFACTURED ALMOST 4,000 QUALITY CAMPERVANS SINCE 1987. WE PRIDE OURSELF ON MAINTAINING A VERY WELL RESPECTED NAME BY CONSTANTLY PRODUCING QUALITY PRODUCTS WITH HIGHLY TRAINED STAFF, QUALITY FITTINGS AND EXCELLENT AFTER SALES SERVICE.

Avalon

SEATS 2

LARGE REAR BOOT STORAGE.

Freedom

SEATS 2

FULL CAMPER WALK THROUGH.

Ask the Frontline Team which layout may suit your needs best.

All Frontline Campervans can be optioned with an additional roof bed for sleeping 4.

All conversions come with Frontline's full elevation pop-top roof system, this is better suited to the Australian climate with more ventilation than slant roof systems.

Standard conversion features include 12 volt lighting, 240 volt power points, long-stay auxiliary battery with auto charging, solar charging options, water tank for sink and hand-held shower with electric pump, fridge freezer, removable table and several different cooking options.

Opening flyscreen windows ensure you can always enjoy cooler fresh air in the evenings. Removable zippered flyscreen panels can also be fitted as an option for the sliding door and rear tailgate.
